

POCANTICO HILLS CENTRAL SCHOOL

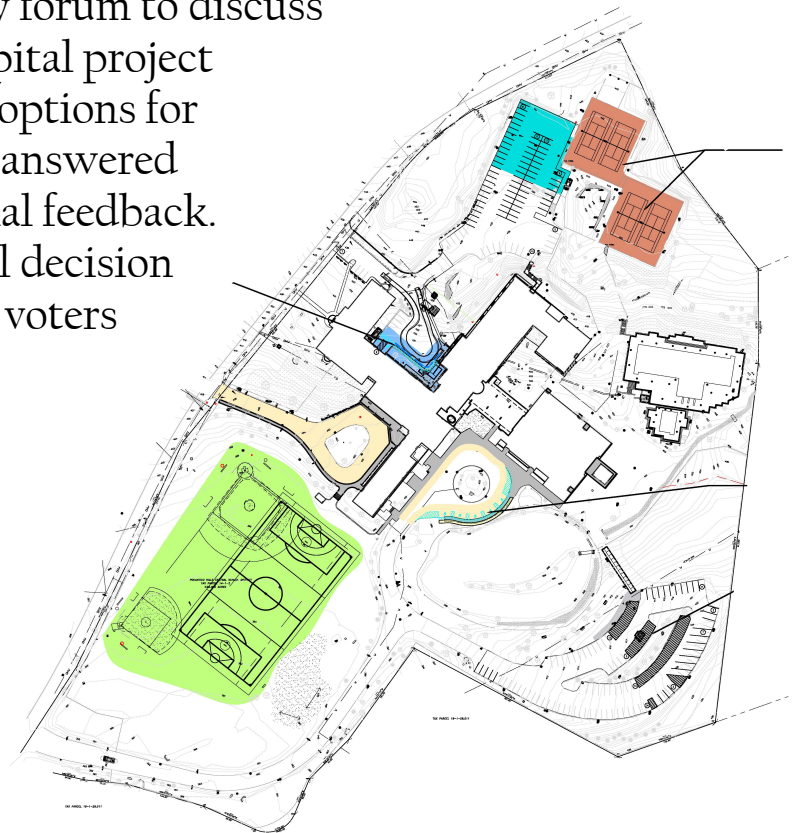

September 2018

Dear Community Members,

The District has been engaged in planning a capital project to maintain and enhance our campus since the Fall of 2016. We have benefited from community input and expert advice along the way. We are now in the final phase of preparing for a capital project.

Please join us at a community forum to discuss the proposed scope of the capital project under consideration and the options for funding. Get your questions answered and provide us with additional feedback. We anticipate making a final decision on what will be presented to voters by the end of October.

Log on to our website....
pocanticohills.org for more information and to view the site master plan, proposed capital budget and executive timeline.

Sincerely,
Carol Conklin-Spillane
Superintendent
